Technical Specification :

FLAP BARRIER(S.S-304) BOLT 101 (MULTY LANE)

Passage Width :	600 mm	Mother board :	MOSFI FR-400
MATERIAL :	S.STEEL-304 18 Guage	Anti crash sensor :	IN-BUILT
Operating time :	1.5Sec	Anti Coagulation sensor :	IN-BUILT
FLAP LED INDICATOR :	RED/GREEN/BLUE	Auto close sensor :	IN-BUILT
POLISH/FINSH :	SS BRUSH POLISH	Alarm :	Anti side access/Block passage
FLAP DIMENSION :	280mm*340mm	Access through :	S.Card+Pin+Push button
BODY DIMENSION :	900*300*880	User capacity :	1000 User
Opening direction:	BIDIRECTIONAL	Verification Mode :	3 Mode,No Data
DRIVE VOLTAGE :	DC 24-V	IP PROTECTION :	IP43
POWER :	AC 220-V 50/60HZ	Working Humidity :	20% To 60%
Power consumption :	80 W	Working Temp :	-5° To 55° C

950mm
280   550mm   280   550mm   280
